

Mrs. Fallows

Hello students and families,

Together with Ms. Ramirez we will be your teachers for the 2024-2025 school year. We are both so excited to teach the incoming 3rd graders! Co-teaching is a model for the UofA program that we are in that allows your student to have two teachers, which means more individualized support and a strong planning team. I am passionate about bringing creative and meaningful ways to learn into the classroom to help your student meet their educational goals. I am a dedicated lifelong learner and bring enthusiasm for wonder and knowledge into the classroom. We have been training together to ensure that our classroom promotes student led learning and an integrated arts curriculum.

I am currently participating in a teacher preparation program through the UofA, this means that I am still working on my degree, but I bring experience as a classroom volunteer, student teacher and the daughter of a veteran teacher of 30 years into the classroom. I originally started school as a Fine Arts major but switched to Education because I want to connect with and help my community. I am so excited to teach at Robins Elementary this year!

More About Me

- I have a son who is in 5th grade and a daughter who is 1-year-old
